The decrease in the net profit by 33.28% is mainly on account of withdrawal of Access Deficit Charges (ADC) by Telecom Regulatory Authority of India (TRAI) which was earlier available to MTNL on incoming calls. The adverse impact of ADC on profit is Rs. 70 crores approximately In addition, w.e.f. 02.10.2004, there was major downward revision in STD rates for calls to more than 200 Kms from Rs. 4.80 per minute to Rs. 2.40 per minute.

(c) MTNL has taken following steps to improve the net profit of the company:

* Fast expansion and provisioning of GSM and broadband connections.
* Introduction of attractive schemes to retain and expand landline subscriber base.
* Transparent and flexible tariff plans.
* Rationalization of expenditure to reduce administrative and operating cost.
* Modernization and optimizing of telecommunication network.
* Reducing staff strength by way of Voluntary Retirement Scheme (VRS) and right sizing.
* Introduction of value added services.
* Increase the footprints abroad.
